SOLUTIONS FOR EVERY CLIENT

corporate, distributor or small business

We pride ourselves on our ability to support every business; whether you're a small independent company, a distributor or a large organisation.

Furthermore, the versatility of our products is boundless. See for yourself: our products can be found in the NHS, the U.S. Embassy in London, the Houses of Parliament, the Google offices, airports, Health and Fitness Clubs, universities and schools nationwide. We trust that it would be challenging to find an industry that would not benefit from the use of our products.

CUSTOMISED BRANDING

for a smart appearance

With their elegant and professional design, our products will improve the aesthetics of any environment in which they are placed.

What's more, in addition to improving hygiene, all of our dispensers and cleaning stations can be customised to your needs; thus, these sleek products not only maintain branding consistency but also boost your company's visibility and presence.

PERFECT FOR all environments

The Hygiene Company's range of innovative hygiene products is beneficial for every environment, including the planet. Therefore, whether you require medical grade sanitisation for healthcare facilities or quick-and-easy surface sanitisation in kitchens and gyms, our products have you covered.

THE LEADING UK SUPPLIER OF antibacterial wipes

As the leading UK supplier of antibacterial wipes The Hygiene Company guarantees exceptional wet wipes of the highest quality in mind, that are long lasting and efficient.

Whether you need wet wipes to clean gym equipment, wipe down your office desk or help with baby-changing duties, The Hygiene Company's range of antibacterial wet wipes has you covered.

The Hygiene Company's antibacterial wet wipes are proven to kill and remove 99.99% of germs and bacteria within seconds and, therefore are a preferred and highly practical solution; not only do these wipes make compliance to hygiene policies easier for businesses, but they also make the disinfection of hands and surfaces accessible to everyone.

- ✓ Removing and killing 99.99% of germs and bacteria in seconds.
- ✓ These eco-friendly wipes are designed to protect the planet.
- ✓ All of our wipes and packaging, are 100% recyclable, biodegradable or compostable.
- ✓ Alcohol and alcohol-free options available.
- ✓ Bucket or dispenser friendly.

DID YOU KNOW

All of our wipes and packaging, are 100% recyclable, biodegradable or compostable.

our distribution **NETWORK**

At The Hygiene Company, we continuously strive to improve our distribution network in the UK, Europe and worldwide for our competitive range of products at equally competitive prices. We want nothing to come between you and the health and safety of you, your staff and customers.

So, whatever quantity of supplies you are after – be it one box, numerous boxes, a pallet or a container – we will accommodate your needs.

Moreover, We are able to accommodate deliveries direct to individual sites, chains or distribution centres. We deliver to the UK, Europe and worldwide, with online tracking facilities, we are here to help clients with facilities across the globe be seen to be clean.

Individual Box > Multiple Boxes > Pallet or Container

in-house **DESIGN SERVICE**

If you desire a personalised design that is in-keeping with your company's branding or that echoes a certain aesthetic, we offer an in-house design service that allows you to customise our backing panels, pull-up banners and any of our units – including the Wipepod! Your designs can be as intricate or as simplistic as you would like and may feature your logo and even a personalised message for your staff or customers.

By implementing hygiene products that feature your company's branding, you will not only increase the visibility of your branding, but also those who enter your facilities will subconsciously associate your brand with good hygiene practice and caring for your customers.

made to order **CUSTOM BUILT UNITS**

As a company that prides itself on customer satisfaction, we, at The Hygiene Company, are 'dedicated to providing optimal products' for your business and facilities.

Therefore, if we do not currently stock your perfect hygiene unit, it would be a pleasure for us to work together to design and manufacture it for you. We are committed to integrating your preferences into a bespoke unit that is specifically designed to make hygiene practice as effortless as possible.

wipepod[®]

Introducing what we believe to be the **World's Best-Selling** antibacterial wipes dispenser.

GUARANTEED FOR LIFE

Our Wipepod is guaranteed for life against theft, vandalism or accidental damage.

ULTIMA

The future of efficient facilities management is Hygiene360;
a revolution in washroom and cleaning management,
providing the perfect self-auditing and compliance system
for your business.

- ✓ Hygiene 360 effectively assists management by providing cleaning schedules, real-time reports and continual feedback from end-users.
- ✓ REAL-TIME data enables you to offer a rapid response to customers' needs or feedback.
- ✓ This digital monitor is easy-to-use with its user-friendly log-in area that enables data to be captured live as activities are taking place.
- ✓ With customer feedback, your facility users become your eyes and ears, informing you of any issues that may need immediate attention, as well as what they like and what they do not like. This enhanced feedback provides a far greater understanding as to why the selection has been made, allowing you to react accordingly.
- ✓ Dynamic routing and footfall counting allows you to streamline your cleaning services, as necessary, to the more frequented areas.
